2 RESOLUTION 1 - SALE OF IRON ORE ROYALTY

2.1 Introduction

As announced on 27 March 2020, the Company entered into a sale and purchase agreement (**Agreement**) with TRR Services Australia Pty Ltd, a wholly owned subsidiary of Trident Resources PLC (LSX: TRR) (**Trident**) for the sale of the Company's Evanston royalty interest over a portion of the wider Koolyanobbing Iron Ore Mine (**Iron Ore Royalty**). Further details on the Iron Ore Royalty is set out in section 2.5.

ASX considers the sale of the Iron Ore Royalty under the Agreement (the **Transaction**) to be a spin-out of a major asset of the Company that requires prior Shareholder approval under Listing Rule 11.4.1(b).

Resolution 1 seeks Shareholder approval for the Transaction on the terms set out in the Agreement. Please refer to section 2.2 for a summary of the terms of the Agreement.

2.2 Key terms of the Transaction

Summary of the terms of the Agreement is as follows:

- (a) The Company will sell the Iron Ore Royalty to Trident for \$7 million cash (**Consideration**).
- (b) The Consideration will be paid in two instalments with:
 - (i) the first instalment of \$4 million payable on completion of the Transaction (**Completion**); and
 - (ii) the second installment of \$3 million payable one the day following the first anniversary of the Completion.
- (c) Conditions Precedent: Completion is conditional upon the satisfaction or waiver of the following conditions precedent by 30 June 2020 (or as extended by the mutual agreement between the Company and Trident):
 - (i) either:
 - (A) admission of Trident ordinary shares of £0.01 (issued and to be issued) to trading on the AIM becomes effective in accordance with Rule 6 of part 1 of the AIM Rules for Companies; or
 - (B) Trident being readmitted to trading on the Main Market of LSE; (the **Admission Condition**);
 - (ii) approval of the Transaction by the Foreign Investment Review Board (**FIRB**); and
 - (iii) approval by the Company's shareholders, which is being sought at the Meeting.
- (d) Completion occurs at the third Business Day following satisfaction or waiver of the Conditions Precedent.
- (e) The effective date for the Transaction is 1 January 2020 and Trident will be entitled to royalty payments from that date (to be adjusted at completion).
- (f) Trident's obligation to pay the second installment is secured by a specific security interest over the Royalty. This will allow the Company to, in the event Trident does not pay the second installment, re-acquire the Royalty.
- (g) The Company provides warranties considered typical for a transaction of this nature.

To satisfy the Admission Condition, Trident has advised the Company the following:

- (a) Admission to AIM requires, amongst other things, the following:

- (i) Trident's shareholders approving and Trident completing an equity raise; and
- (ii) Trident completing the usual admission process and regulatory approvals and requirements under AIM listing rules.

Trident is, as a result of its track record, confident of satisfying these conditions.

- (b) In the event Trident is not admitted to AIM and as the acquisition of the Iron Ore Royalty results in the delisting of Trident from the Main Market of LSE, Trident may seek re-admission to the Main Market of LSE.

Given Trident's circumstances, readmission is subject to regulatory approvals and the key requirement in connection with re-admission, being the publication of a prospectus, which has to be approved by the Financial Conduct Authority, with no further fundraising requirement. For that reason, Trident is confident that, if required, this condition can be satisfied.

- (c) Trident is proposing to hold a shareholder meeting (**Trident Shareholder Meeting**) to approve the capital raising and to complete the process for admission to AIM by 30 June 2020.
- (d) On 27 March 2020 Trident lodged an application with FIRB. The application is expected to be dealt with in due course.

2.3 Listing Rule 11.4

Under Listing Rules 11.4 and 11.4.1, a listed company can only spin out a major asset if:

- (a) the securities in the spin-out vehicle (other than those being retained by the company/trust itself) are being offered, issued or transferred pro rata to the holders of the ordinary shares/units in the company, or in another way that, in ASX's opinion, is fair in all the circumstances; or
- (b) the company's shareholder approve the spin out.

The Transaction is regarded by ASX as a spin-out of a major asset for these purposes and paragraph (a) above does not apply, so it is a requirement for the Transaction to proceed that the Company's shareholders approve the Transaction under paragraph (b) above. Resolution 1 seeks the required shareholder approval to the Transaction under and for the purposes of Listing Rule 11.4.1(b).

If Resolution 1 is passed, the Company will be able to proceed with the Transaction and the Company will receive the Consideration of \$7 million in cash. The Company plans to use the cash to fund its ongoing exploration activities and evaluate new acquisitions.

If Resolution 1 is not passed, the Company will not be able to proceed with the Transaction and the Company will continue to hold the Iron Ore Royalty.

2.4 Information on Trident Resources Plc

TRR Services Australia Pty Ltd is a wholly owned subsidiary of Trident Resources Plc, which is listed on the Main Market (Standard Segment) of the LSE under the ticker TRR. Trident has advised it has sufficient cash on hand to settle the first installment. For more information regarding Trident Resources Plc please refer to its website www.tridentresources.co.uk.

Trident is not a person to whom Chapter 10.1 applies.

2.5 Reasons for the Transaction

The Company's Iron Ore Royalty is a 1.5% Dry Metric Tonne, FOB royalty over two tenements (M77/1259 and E77/1322). M77/1259 lies within the Koolyanobbing Iron Ore Project located in the Southern Yilgarn Iron Province of Western Australia and is owned by Mineral Resources Ltd (ASX code: MIN). E77/1322 lies immediately east of M77/1259 within the Marda Gold Project and is owned by Marda Operations Pty Ltd, a wholly owned subsidiary of Ramelius Resources Ltd (ASX code: RMS). Tenement M77/1259 covers one of the current pits in the Koolyanobbing Iron Ore Project, known as Deception. Tenement E77/1322 is being explored by RMS and currently has no identified Iron Ore resources.

The Company received a total of \$1.829 million in the last 12 months from the sale of 1.228 million tonnes following the recommissioning of the mine in December 2018. Based on MIN's announcement on 20 November 2019, the Deception pit has a total Reserve of 9.3MT across the three tenements (M77/1259, M77/1258 and M77/1257, all owned by MIN). No breakdown has been provided by MIN of the portion of the Reserve that is subject to the Iron Ore Royalty.

The Company is of the view that royalty streams are often undervalued when they are held as a non-core asset in a vehicle focused on other assets (such as the Company is with its Pilbara exploration portfolio), whereas specialist royalties funds, such as Trident, tend to attract shareholders who are more comfortable with that type of investment and value it more fully.

The Directors believe that, following an assessment of the advantages and disadvantages disclosed below, the Transaction is in the best interests of the Company.

The potential advantages to the Shareholders of approving Resolution 1 are:

- (a) the Transaction provides the Company with \$7 million in cash (before costs associated with the Transaction);
- (b) the Transaction will allow the Company to consider other acquisitions which may increase Shareholder value;
- (c) the Transaction provides the Company with working capital to explore the Company's prospective Pilbara landholding including following up the recent copper drilling program completed at Hillside; and

- (d) Provides certainty over the Company's financing position as the royalty stream is variable depending on factors such as the iron ore price, currency and production rates over which the Company has no control.

The potential disadvantages to the Shareholders of approving Resolution 1 are:

- (e) the Company will no longer have an interest over the Iron Ore Royalty which could become more valuable if iron ore prices are higher or additional reserves are identified on the royalty tenements;
- (f) the Company will be disposing of a significant asset, which may not be consistent with the investment objectives of all Shareholders;
- (g) as a result of the Transaction, the size of the Company's ongoing revenue will be reduced;
- (h) the exploration activities or acquisitions made with the funds may not ultimately be successful; and
- (i) Shareholders that elected to invest in the Company for exposure primarily to the Iron Ore Royalty will need to seek exposure through other investments.

2.6 Financial effect of the Transaction on the Company

The Iron Ore Royalty currently does not have a carrying value in the Company's accounts.

An indicative pro-forma reviewed statement of financial position of the Company, that has been prepared to enable Shareholders to make an assessment of the potential effect of the Transaction (the subject of Resolution 1) on the financial position of the Company (as at 31 December 2019), is included in SCHEDULE 2.

Following payment of the final installment, Trident will have paid the Company \$7 million in cash, with costs of the Transaction estimated to be approximately A\$20,000. There will be no impact on the number of Shares on issue as a result of the Transaction.

2.7 The Company's intentions post Completion

The Company holds various projects including 100% interest in Pippingarra Lithium Project and the Marble Bar Lithium Project and up to 75% earn-in rights in the Macarthur Minerals Lithium and Gold Tenements Project, and the proceeds from the Transaction will be used to continue exploration on these Projects and will continue to look for value accretive acquisitions as it has done in the past.

The Transaction will not result in any changes to the Company's management and/or Board and there will not be any impact on the Company's status as a listed entity.

2.8 Timetable

An indicative timetable of the Transaction is as follows:

Signing of the Agreement	25 March 2020
Shareholders approving the Transaction	22 May 2020
Satisfying Conditions Precedent including: <ul style="list-style-type: none"> • FIRB Approval; • Admission Condition; and • Capital raising. 	19 June 2020
Completion of the Transaction	30 June 2020

The timetable is indicative only and may change due to factors beyond the control of the Company.

2.9 Information required by ASX guidance note 13

In accordance with paragraph 6.3 of ASX guidance notes 13, the following information is provided in relation to Resolution 1:

- (a) The name of the spin-out vehicle: TRR Services Australia Pty Ltd, a wholly owned subsidiary of Trident Resources Plc, is the purchaser of the Iron Ore Royalty. Further details on Trident is set out in section 2.4.
- (b) How the spin-out is intended to be effected:

Trident will pay a purchase price of \$7 million in cash and no Trident securities will be issued to the Company as part of the Transaction. The reason ASX considers the Transaction as a spin off is because it is conditional upon Trident either being admitted to the AIM or readmitted to the Main Market of LSE.
- (c) Information about the asset or assets being spun-out, including:
 - (i) a description of the asset or assets: the Iron Ore Royalty, please refer to section 2.1 and section 2.5 for more information.
 - (ii) the value of the asset or assets reflected in the listed entity's latest financial statements lodged with ASX: \$nil.
 - (iii) the entity's estimate of the current market value of the asset or assets: \$7 million;
- (d) The impact the spin-out will have on the Company: refer to section 2.6.
- (e) The impact the spin-out will have on the entity's security holders: there is no dilution to the Company's Shareholders. No securities will be distributed to Shareholders and there will not be any taxation ramifications for the Shareholders.
- (f) The reasons why the directors of the entity consider that effecting the spin-out without the offer, issue or transfer referred to in Listing Rule 11.4.1(a)

being made is in the interests of the entity and its security holders: Consideration for the Transaction is cash, which will provide the Company with capital to explore its projects to further increase shareholder value. The Directors consider this to be better for the Company and Shareholders than distributing the Consideration to Shareholders (which will leave the Company without funds to pursue its exploration activities).

- (g) A summary of any other material terms of the agreement in relation to the Transaction is set out in section 2.2.

2.10 Other information

The Directors are not aware of any other commercial information that is material to the question of whether Shareholders should approve Resolution 1.

2.11 Directors' recommendation

For the reasons set out above, the Directors unanimously recommend that Shareholders vote in favour of Resolution 1.
